of EDINBURGH

Note: This is a draft version of the programme. Changes may occur.

EuroChoices

Monday 18th March, AES Conference Day 1

09:00-09:30	Registration, Tea and Coffee	
09:30-09:45	Introduction and Welcome – Pentland Total	
09:45-11:00	Contributed Papers 1	
	Finals “Best PhD Presentation Award”	
Chair:	<i>Technology acceptance of AI camera surveillance of German pig farmers</i>	Alexander Kuehnemund (University of Applied Sciences Osnabrück)
	<i>Optimal and Sustainable Groundwater Use Evidence from Nebraska</i>	Facundo Danza (New York University)
	<i>The Smallholder Financial Inclusion index: measuring farmers’ access to and usage of financial services in the Global South</i>	Roberto Villalba (Technical University of Munich)
	Agriculture & Environment I	
Chair: Amer Ait-Sidhoum	<i>Assessing new technologies for ammonia abatement in Northern Ireland</i>	Alastair Greig (AFBI)
	<i>Assessment of measures for ammonia mitigation in Irish agriculture using marginal abatement cost curve analysis.</i>	Chathuranga Daulagala (University College Dublin)
	<i>Public acceptance of feed additives for methane emission reduction in dairy production</i>	Amer Ait-Sidhoum (LUKE)
	Discrete Choice Experiments	
Chair: Diane Burgess	<i>Round effects in economic experiments – insights from a business simulation game with agricultural students</i>	Philipp Feisthauer (University of Bonn)
	<i>Spatially allocating preferences derived from a choice experiment A comparison of two methods</i>	Chloé Beaudet (INRAE)
	<i>Valuing water quality – exploring the impact of a hypothetical baseline</i>	Diane Burgess (AFBI)
	Climate Impacts I	
Chair: Raushan Bokusheva	<i>Assessing the effect of extreme weather events on GI vs. non-GI Italian wine exports</i>	Federico Zilia (University of Milan)
	<i>To Adapt or Not to Adapt: How Swiss Fruit Farmers Respond to Climate Change</i>	Anna Schmid (University of Bern and Oeschger Centre for Climate Change Research)
	<i>Climatic Sensitivity of Agriculture in Eurasia:</i>	Raushan Bokusheva (Zurich University of Applied Sciences)

	<i>Identifying Climate Effects Using Weather Observations</i>	
Development Economics I		
Chair: Josh Merfeld	<i>Analysing the effects of armed conflict on agricultural land use using spatial regression techniques</i>	Ella Kirchner (Georg-August-Universität Göttingen)
	<i>Agroforestry and household nutrition in southern Madagascar: does gender matter?</i>	Giulia Malevolti (Potsdam Institute for Climate Impact Research PIK)
	<i>Does the timing of the school year affect child labor decisions in developing countries?</i>	Josh Merfeld (KDI School)
Health & Food Security I		
Chair: Craig Gundersen	<i>Promoting healthy and sustainable diets in Scotland: Insights from agent-based simulations</i>	Nazli Koseoglu (James Hutton Institute)
	<i>Obesity, non-communicable diseases and unhealthy food imports in Italy</i>	Valentina Raimondi (University of Milano)
	<i>The Geography of Black-White Differences in Food Insecurity in the United States</i>	Craig Gundersen (Baylor University)
Impact Assessment I		
Chair: Luigi Biagini	<i>Risky business: engaging farmers in innovative risk management tools through ICT. Evidence from a randomized control trial</i>	Ruggiero Rippo (University of Trento)
	<i>Does government or private support matter during crises? Panel data evidence from household responses during the COVID-19 lockdown restrictions.</i>	Wellington Osawe (University College Dublin)
	<i>Does shifting to organic and ecofriendly production techniques allow to reduce energy consumption in the farm sector?</i>	Luigi Biagini (University of Tuscia)
Market Dynamics I		
Chair: Atanu Ghoshray	<i>Positioning and bargaining power in agri-food global value chains</i>	Kossi Messanh Agbekponou (SMART - INRAE)
	<i>Vertical price transmission (VPT) in the UK liquid milk (LM) supply chain.</i>	Ourania Tremma (University College Dublin)
	<i>Weather Anomalies and Price Transmission in Agricultural Supply Chain: Evidence from the Indian Onion Market</i>	Atanu Ghoshray (Newcastle University)
11:00-11:30	Tea and Coffee	

11:30-12:45	Plenary Keynote Address by Prof. Jessica Fanzo (Columbia Climate School, USA): Food system and food security in a period of crises	
12:45-13:45	Lunch	
13:45-14:35	Contributed Papers 2	
	Climate Impacts II	
Chair: Tim Lloyd	<i>Weather Shocks on Farmers' Adaptation Behaviors: Exploring Asymmetric Impacts and Experience Moderation</i>	Yun-Cih Chang (National Taiwan University)
	<i>Anomalous Weather and Supply Chains</i>	Tim Lloyd (University of Bournemouth)
	Impact Assessment II	
Chair: Imre Ferto	Guilty or Scapegoat? Land consolidation and the Decline of Hedgerows	Valentin Cocco (Paris-Saclay University, AgroParisTech)
	How Sustainable is the Adoption of Agri-Environmental-Climate Scheme? The Case of the European Union country	Imre Ferto (Institute of Economics, CERS)
	Health & Food Security II	
Chair: Martijn Huysmans	<i>Do healthy food baskets cost more?.</i>	Cherry Law (University of Reading)
	<i>Label Fatigue? Combining Geographically Protected Ham with Varying Nutri-Scores</i>	Martijn Huysmans (Utrecht University, School of Economics)
	Smallholders	
Chair: Aimen Sattar	<i>Will industrial specialization squeeze out rural smallholder production? --A 10-year tracking survey of 4,376 households from China's "One Village, One Product" program</i>	Fuhong Li (Renmin University of China)
	<i>Typology analysis of Egyptian agricultural households reveals increasing income diversification and abandonment of agricultural activities</i>	Aimen Sattar (University of Edinburgh)
	Pest & Disease Management	
Chair: Stefan Seifert	<i>Economic and poverty related effects of capsid invasion and the effectiveness of the Cocoa Diseases and Pests Control Program in rural Ghana</i>	Oscar Ampofo (University of Goettingen)

	<i>Can preventive weed management help increasing herbicide use efficiency? Plot-level evidence from maize fields in Germany</i>	Stefan Seifert (University of Göttingen)
Farmer Preferences I		
Chair: Akshi Bajaj	<i>Farmers' Expectations of Climate Action: Evidence from an Information Experiment</i>	Felipe Aguiar (University of Galway)
	<i>Are farmers willing to pay for existence value of groundwater? Insights from Western Uttar Pradesh, India</i>	Akshi Bajaj (Banasthali Vidyapith, India)
Consumer Preferences I		
Chair: Montserrat Costa-Font	<i>The Effect of promotions on purchasing behaviour before, during and after COVID-19 using a quantile regression</i>	Wafa Mehaba (UPC)
	<i>Consumer acceptance of peanut-based meat in China.</i>	Montserrat Costa-Font (SRUC)
Risk In agriculture		
Chair: Eike Florenz Nordmeyer	<i>Savior or Driver? Retailer recommendation and pesticide overuse</i>	Juhui Chen (Wageningen University & Research)
	<i>The hedging effectiveness of satellite-retrieved vegetation indices – The case of northern and eastern Germany</i>	Eike Florenz Nordmeyer (Georg-August-University Göttingen)
14:35-15:35	Discussion Papers 1	
DP1-1		
Chair:	<i>Measuring changing preferences for support for land degradation control</i>	Euan Phimister (University of Aberdeen Business School)
	<i>Do agro-input dealers care about pesticide risk reduction: Evidence from a choice experiment in Uganda</i>	Justice Tambo (CABI)
DP1-2		
Chair:	<i>Modelling Land-use change through alternative pig production systems in the Irish Agricultural Sector</i>	Mika Shin (University College Dublin)
	<i>Analysis of the effect of regional anaerobic digestion on farm level emissions in Ireland</i>	Maurice Deasy (Teagasc)
DP1-3		
Chair:	<i>Potential policy considerations revealed by alternative methane and carbon dioxide 'equivalences' – a Northern Ireland case-study</i>	John Lynch (University of Oxford)

	DP1-4	
Chair:	<i>Using fuzzy count models to accommodate measurement error in recreation trip count models</i>	Danny Campbell (University of Stirling)
	<i>Comparing Production Risk in Organic and Conventional Dutch Arable Farming</i>	Yann de Mey (Wageningen University & Research)
	DP1-5	
Chair:	<i>Assessing Ukrainian agriculture in wartime: consequences, policy responses and prospects</i>	Maryna Nehrey (ETH Zurich)
	<i>The likely impacts of the EU Deforestation Regulation</i>	Christopher Gilbert (SAIS, Johns Hopkins University)
	DP1-6	
Chair:	<i>Estimating the impact of environmental performance of farm productivity; a case study of the UK livestock sector</i>	Evgenia (Nenia) Micha (CCRI)
	<i>Intra annual weather variability and farm performance A panel data analysis of Austrian farms</i>	Julian Zeilinger (University of Natural Resources and Life Sciences, Vienna)
	DP1-7	
Chair:	<i>Disentangling the pathway from farmers' awareness to behavioural changes to mitigate diffuse water pollution: evidence from Northern Ireland</i>	Cheng Wen (University of Leeds)
	<i>Money Doesn't Grow on Trees – Or Does It? How Agroforestry System Design Makes Agroforestry More Attractive to Smallholders in Senegal.</i>	Luisa Müting (University of Göttingen)
	DP1-8	
Chair:	<i>Measuring the non-market benefits of land management transition: can we do better?</i>	Janet Dwyer (University of Gloucestershire)
	<i>Multiple Food Standards and Firms' Exporting: The case of Apple industry in South Africa</i>	Serdal Ozusaglam (University of Warwick, Enterprise Research Centre)
15:35-16:00	Tea and Coffee	

16:00-17:15	Symposium 1: The Journal of Agricultural Economics: Evolution and challenges <u>Chair</u> Dr. Jonathan Brooks (Editor of JAE)	
	Symposium 2: Survey-based experiments to inform agricultural policy design <u>Chair</u> Prof. Klaus Glenk (SRUC)	
	Symposium 3: Farmer and farm household research using linked administrative data <u>Chair</u> Dr. Paul Caskie (AFBI)	
17:15-18:15	Discussion Papers 2	
	DP2-1	
Chair:	<i>Assessing Dairy Farmer's Willingness to Participate in a Cap-and-Trade Scheme</i>	Julian Worley (University of Galway)
	<i>Carbon offsetting programs and farmers' adoption of methane-mitigating innovations: an economic experiment</i>	Austeja Kažemekaityte (University of Trento)
	DP2-2	
Chair:	<i>Feed substitution in Irish dairy and cattle farms due to the adoption of mitigation measures to reduce N2O emissions</i>	Carlos Alberto Francisco Cruz (UCD)
	<i>Tackling Emissions, Cultivating Change: A Socio-Economic Approach</i>	Trevor Donnellan (Teagasc)
	DP2-3	
Chair:	<i>Profitability of improved seed multiplication and matching supply and demand: the case of the maize and cassava sectors in Cameroon</i>	Jean Charles Ononino (University of Ngaoundéré)
	<i>Policy distortions, misallocation and productivity: The case of European agriculture</i>	Bruno Morando (Maynooth University)
	DP2-4	
Chair:	<i>Food Policy coherence: Regional wills against Urban actions</i>	Xavier Raso-Domínguez (Universitat Jaume I de Castelló)
	<i>Characterising diversity of rural farm households in Eastern Africa: implications for food security and intra-household decision-making</i>	Andrew Barnes (SRUC)
	DP2-5	
Chair:	<i>Adapting a partial equilibrium model of UK agriculture to examine the effects of changing diets</i>	Ciaran O'Callaghan (Agri-Food and Biosciences Institute, Northern Ireland)

	<i>A new farm bill in the U.S., economic analysis and policy implications</i>	Julian Binfield (University of Missouri)
DP2-6		
Chair:	<i>Access to Information and Agricultural Mechanization– A Spatial Analysis</i>	Shobhit Kulshreshtha (Tilburg University)
	<i>Ex-post impact of integrated rice-fish farming system technology on welfare of small-scale farmers in Liberia: An application of marginal treatment effect model</i>	Rachidi Aboudou (Africa Rice Center)
DP2-7		
Chair:	<i>Exploring local food networks in Gloucestershire and North Cotswolds - considering rural resilience</i>	Fahimeh Malekinezhad (University of Gloucestershire)
	<i>Vertical and Spatial Price transmission Analysis of the Uruguayan beef chain</i>	Gustavo Barboza Martignone (AI Deep Economics)
DP2-8		
Chair:	<i>Don't bet the farm on insurance subsidies</i>	Marc Yeterian (Paris Dauphine University)
	<i>Legume adaptation, risk and its interaction with soil management in grazing systems: a bioeconomic modelling approach</i>	Karl Behrendt (Harper Adams University)
19:00	Informal Buffet Dinner in South Hall	

Tuesday 19th March, AES Conference Day 2

07:00-08:00	Social Event: Morning Run	
09:00-09:45	AGM of the Agricultural Economics Society in the Lecture Theatre	
09:45-10:45	Plenary Presidential Address by Prof Deb Roberts (The James Hutton Institute): The rural land market and land value: Closing the gap!	
10:45-11:15	Poster Session with Tea and Coffee	
11:15-12:30	Contributed Papers 3	
	Efficiency Analysis I	
Chair: Erin Sherry	<i>Assessing eco-efficiency to provide guidance on how to reach a regional Safe and Just Operating Space</i>	Elin Martinsson (University of Bonn)
	<i>A Meta-analysis of Environmental Efficiency of Agricultural Production in Europe</i>	Kehinde Oluseyi Olagunju (DAERA)
	<i>National impacts of incorporating greenhouse gas efficiency and international competitiveness in trade</i>	Erin Sherry (Agri-food and biosciences institute)
	Consumer Preferences II	
Chair: Thibaut Arpinon	<i>What do citizens think about sustainability in the agrifood sector</i>	Sophia Davidova (University of Kent)
	<i>An analysis of the household demand for fish and seafood in Great Britain</i>	Shashika Rathnayaka (The Rowett Institute, University of Aberdeen)
	<i>Willingness to Pay for Sequestration and the causal impact of animal-based foods information</i>	Thibaut Arpinon (Georg August Universitat)
	Bio-economic modelling	
Chair: Filippo Arfini	<i>Implementing the Green Deal in EU agriculture: Metamodeling the CAPRI model to derive optimal policies</i>	Lea Panknin (Kiel University)
	<i>A nationally representative Bio-economic modelling of sheep production systems: Modelling the carbon footprint and economic performance of Irish sheep flocks</i>	Kevin Kilcline (Teagasc)
	<i>Assessing the trade-off between SO1 and SO5 policy intervention through an ex-ante PMP-AB model: the case of Emilia Romagna Region</i>	Filippo Arfini (University of Parma)
	Animal Welfare	
Chair: David Adamson	<i>The consequential carbon burden of animal disease outbreaks</i>	Tarek Soliman (Scotland's Rural College (SRUC))

	<i>Can differentiated restriction of antibiotic classes influence farm economic outcomes? Evidence from Denmark</i>	Yechale Getu Endalew (Kobenhavns Universitet / University of Copenhagen)
	<i>Animal Welfare Economics Unintended Transformation Risks to Production</i>	David Adamson (Royal Agricultural University)
Agriculture & Environment II		
Chair: Albert Boaithey	<i>Assessing the water footprint of food waste in Spain and its regions</i>	Pilar Gracia de Rentería (University of Zaragoza)
	<i>Integrated Assessment of Farm-Level Mitigation Measures for Gaseous Emissions</i>	Oyinlola Ogunpaimo (Teagasc)
	<i>Greenhouse Gas Mitigation in Dairy Production considering Incentives and farm heterogeneity</i>	Albert Boaithey (Newcastle Univesity)
Impact Assessment III		
Chair: Pallavi Rajkhowa	<i>Parcel or Bundle? On the Effects of Transaction Composition on Farmland Prices</i>	Lars Isenhardt (Department of Agricultural Economics and Rural Development, University of Göttingen)
	<i>Impact and drivers of informal water markets in irrigation regions in India</i>	Juliane Haensch (Georg-August-University Goettingen)
	<i>Effects of market proximity on the profitability of farmer collectives - evidence from India</i>	Pallavi Rajkhowa (Tata Cornell Institute)
Development Economics II		
Chair: Marijke D'Haese	<i>Economic Situation and wellbeing of agricultural households in Andhra Pradesh India</i>	Otu Ibok (Global Academy of Agriculture & Food System, University of Edinburgh)
	<i>Savings for resilience: Investigating saving instruments in Mali</i>	Annkathrin Wahbi (Georg-August-University Göttingen)
	<i>Too poor to choose? Analysing food agency in food insecure households in rural Burundi</i>	Marijke D'Haese (Ghent University)
Farmers Preferences II		
Chair: Laure Kuhfuss	<i>How can cooperatives promote environmental practices? A choice experiment to identify contracting strategies in the wine sector</i>	Marie Lassalas (Institut Agro, INRAE)
	<i>Using farmers' ex ante preferences to design agri-environmental contracts: A systematic review</i>	Christoph Schulze (Leibniz Centre for Agricultural Landscape Research)
	<i>Seasonal scarcity and environmental conservation: Investigating the impact of the</i>	Laure Kuhfuss (The James Hutton Institute)

	<i>hunger season on farmers' decision making in Madagascar</i>	
12:30-13:30	Lunch	
13:30-15:00	Plenary Session: 'How to better inform policy on sustainable productivity growth?' <u>Speaker</u> Prof. Spiro Stefanou (ERS Administrator, USA) <u>Discussant</u> Prof. Bob Chambers (University of Maryland, USA)	
15:00-15:45	Poster Session with Tea and Coffee	
15:45-17:00	Symposium 4: Is mixed farming sustainable? <u>Chair</u> Prof. Kairsty Topp (SRUC)	
	Symposium 5: Unlocking Consumer Choices: Harnessing Behavioural Insights in Food Choice Experiments <u>Chair</u> Prof. Seda Erdem (University of Sterling)	
	Symposium 6: Carbon offsetting and credits <u>Chair</u> Dr. Rafael De Oliveira Silva (The University of Edinburgh)	
17:00-18:15	Contributed Papers 4	
	Consumer Preferences III	
Chair: Cesar Revoredo Giha	<i>Effect of Information on Consumers' Trade-off between Subjective Food Safety Cues and Certification: Evidence from Nigeria</i>	Oluwagbenga Akinwehinmi (University of Gottingen)
	<i>Consumers' perception of their role in the future of food systems: an experimental approach</i>	Carla Barlagne (INRAE)
	<i>Food prices in remote areas of Scotland: A natural experiment measuring the out-shopping effect</i>	Cesar Revoredo Giha (SRUC)
	Efficiency Analysis II	
Chair: Vivian Wei Huang	<i>Impacts of marketing contracts on technical efficiency of citrus production</i>	Hepei Zhang (Huazhong Agricultural University)
	<i>Climate information, production decision making, and technical efficiency in the face of climate change: panel data evidence from smallholder farmers in Ethiopia.</i>	Fissha Asmare (Scotland's Rural College)
	<i>Integrating a Crop diversity Index to Technical Efficiency Measurement for Cropland Farms in Sweden</i>	Vivian Wei Huang (Swedish University of Agricultural Sciences)
	Farmer Preferences III	
Chair: Graham Finney	<i>Understanding Farmers' Motivations: Exploring Behavioural Factors in the</i>	Kassa Tarekegn Erekalu (University of Copenhagen)

	<i>Adoption of Climate-Smart Agriculture</i>	
	<i>What affects smallholder farmers' willingness to cooperate? Evidence from public good games with different design elements in three African countries</i>	Simone Piras (The James Hutton Institute)
	<i>Exploring the attitudes of farmers in Northern Ireland</i>	Graham Finney (Afbi Economics Branch)
Market Dynamics II		
Chair: Lukas Kornher	<i>Drivers and barriers to circular agrifood trade between the UK and EU. A systems thinking approach</i>	Luiza Toma (SRUC)
	<i>The impact of the temporary VAT reduction in Germany: A study on price effects in online grocery retail with a focus on differences between manufacturer and retailer brands</i>	Johann Scharnhop (Universität zu Kiel)
	<i>EU Food price inflation amid global market turbulences</i>	Lukas Kornher (ZEF/Uni Bonn)
Demand Analysis		
Chair: Hao Lan	<i>Product Entry and Exit and Taste Changes across Income Groups: Evidence from the UK Ready Meals Sector</i>	Steve McCorriston (University of Exeter)
	<i>Seasonality in soft fruit supply: distributional impact on demand and nutrient purchases</i>	Wisdom Dogbe (University of Aberdeen)
	<i>Do Sales Affect Asymmetric Cost Pass-through: Evidence from Online Food Retailing</i>	Hao Lan (Xi'an Jiaotong Liverpool University)
Climate Impacts III		
Chair: Maxime Ollier	<i>The Sensitivity of Agricultural Productivity to Climate Change: District Level Evidence from Pakistan</i>	Fakhr Ul Wahab (COMSATS University Islamabad, Wah Campus)
	<i>Farm and Off-Farm Child Labour in Response to Weather Shocks: The Role of Gender Norms</i>	Okiemua Okoror (University of Reading)
	<i>Modelling the impacts of climate change, commodity prices and policies on farm land use decisions</i>	Maxime Ollier (Zürich University of Applied Sciences)
Chair: Karl Behrendt	<i>Agricultural Non-Point Source Pollution Control – Synergies between Spatial Targeting and Precision Agriculture</i>	Lioba Wendling (DEFRA and Durham University)
	<i>Don't bet the farm on insurance subsidies</i>	Marc Yeterian (Paris Dauphine University)

	<i>Legume adaptation, risk and its interaction with soil management in grazing systems: a bioeconomic modelling approach</i>	Karl Behrendt (Harper Adams University)
Stakeholders & Rural Development		
Chair: Rika Reviza Rachmawati	<i>Economic effects of drought on agriculture Conceptual methods and stakeholders perceptions</i>	Sam Vermeulen (University of Antwerp)
	<i>What do societal stakeholders in the Middle East, North Africa, and Turkey (MENAT) region think about genetically modified (GM) crops, feed, and food products? A systematic literature review</i>	Khalid Medani (Newcastle University)
	<i>Market Institution and Its Impacts on Agricultural and Rural Transformation in Indonesia</i>	Rika Reviza Rachmawati (National Research and innovation agency)
19:00-...	Reception Followed by Annual AES Conference Dinner, The Faculty Club	

Wednesday 20th March, AES Conference Day 3

09:15-10:30	Masterclass: Analyzing risk in agriculture	
	<u>Teacher</u> Prof. Yann de Mey (WUR)	
10:30-11:00	Tea and Coffee	
11:00-12:15	Contributed Papers 5	
	Trade	
Chair: Chiara Falco	<i>Survival of agri-food exports. Firm-level evidences from Hungary</i>	Gergely Csurilla (KRTK)
	<i>Imported Intermediate Inputs and Export Performance of Italian Food Firms</i>	Daniele Curzi (University of Milan)
	<i>The environmental bias of trade policy through the virtual water content of agri-food products</i>	Chiara Falco (UNIMI)
	Efficiency Analysis III	
Chair: Lajos Baráth	<i>Weather conditions and the effects of CAP subsidies on the technical efficiency of French dairy farms</i>	Nabam Missamou (AgroParisTech)
	<i>Impact of extreme weather events on environmental efficiency and total factor productivity of Irish dairy sector: A stochastic frontier analysis</i>	Md. Nur Mozahid (Wageningen University and Research)
	<i>Explanation of Persistent and Transient efficiency in the presence of endogeneity – a one step approach without distributional assumption: the case of Hungarian crop producing farms</i>	Lajos Baráth (KRTK)
	Farmer Preferences IV	
Chair: Adewale Henry Adenuga	<i>Humus formation as a business model? Analysis of farmers' perceptions on carbon sequestration programmes</i>	Julia Block (Department of Agricultural Economics and Rural Developments, Georg-August-University Goettingen)
	<i>How farmers perceive monetary and non-monetary costs of their biodiversity measures</i>	Verena Scherfranz (University of Natural Resources and Life Sciences, Vienna)
	<i>Economic incentives for woodland creation on UK farmland</i>	Nick Hanley (University of Glasgow)
	Market Dynamics III	
Chair: Lotanna Emediegwu	<i>Beyond the ban - shedding light on smallholders' price vulnerability in Indonesia's palm oil industry</i>	Charlotte-Elena Reich (University of Goettingen)

	<i>Monetary Policy's Asymmetric Impact on Food Inflation in Hungary</i>	Tibor Bareith (Centre for Economic and Regional Studies)
	<i>Agricultural Commodities' Price Transmission from International to Local Markets in Developing Countries</i>	Lotanna Emediegwu (Manchester Metropolitan University)
Spatial Dependency & Territories		
Chair: Zoltan Bakucs	<i>Balancing the Spirit of Innovation and Love for Traditional in Agrifood Territories of Origin</i>	Cristina Vaquero Pineiro (RomaTre University)
	<i>A study of spatial spillovers and threshold effects of digital financial inclusion on agricultural economic resilience</i>	Yishu Li (Huazhong Agricultural University)
	<i>Farms and their neighbours. Analysis of spatial dependencies in the Hungarian agriculture</i>	Zoltan Bakucs (Hungarian Academy of Science)
Consumer Preferences IV		
Chair: Omotuyole I. Ambali	<i>Consumer preference for naturalness - A new way to differentiate grass-fed dairy products</i>	Jingjing Wang (University college dublin)
	<i>Avoid is Better than Generate: the Effect of Framing Information on Consumer Preferences and Willingness to Pay for Dairy and Plant-Based Milks</i>	Yiyuan Miao (Renmin University of China)
	<i>Examining Preferences for Great British High Fibre White Wheat Bread: Evidence from Wheat Supply Chain Stakeholders</i>	Omotuyole I. Ambali (University of Reading UK)
Individual Attitudes		
Chair: Adewale Henry Adenuga	<i>Innovation as an intervention: How being involved in innovations against food waste changes individuals' awareness, attitude, and behaviours towards food waste?</i>	Munire Nazli Koseoglu (James Hutton Institute)
	<i>Farmer and Other Key Stakeholder Attitudes to Results-based Agri-environment Schemes</i>	Catherine Glass (AFBI)
	<i>Evaluation of psychological factors influencing farmers' intention to implement sheep scab control measures in Northern Ireland</i>	Adewale Henry Adenuga (Agri-Food and Biosciences Institute)
Ecosystem Services Valuation		
	<i>Sustainable Finance Design and Valuation of Ecosystem</i>	Edward Knapp (University of Limerick)

Chair: Paula Novo	<i>Services: An Expert Stakeholder Analysis</i>	
	<i>A preliminary economic and environmental analysis of virtual fencing for intensive lowland grazing.</i>	James Lowenberg-DeBoer (Harper Adams University)
	<i>Uncovering the biodiversity value landscapes of the Swiss population</i>	Paula Novo (Zurich University of Applied Sciences and University of Leeds)
<i>12:15-13:00</i>	Plenary Concluding Session in the Lecture Theatre	
<i>13:00-14:00</i>	Lunch, 2nd Executive Committee Meeting
